Issued by Forage · Dec 2024
[View Certificate](#)

EXPERIENCE

- Machine Learning Intern (Interdisciplinary) – NIT-TRICHY June 2025
- I worked on the topic predicting the compressive strength of the geopolymer concrete using machine learning models and comparing the models based upon the accuracy of their results and write a technical paper on the same.
 - The internship gave me an exposure to various machine learning techniques and usage of Python libraries including NumPy, Pandas, Keras, and Matplotlib.
